@ saurabhchallawar@yahoo.com

<https://www.linkedin.com/in/saurabh-challawar-132b871aa/>

Hyderabad, Telangana, India.

PROJECTS

Django - Ads Application

07/2020 - 08/2020

<http://saurabhchallawar.pythonanywhere.com/ads/>

Post, update, delete, search and attach images of your product for advertising.

- The web application was designed using Django web framework.

Photo Sharing App

08/2020

<https://github.com/saurabh-challawar/Photo-Sharing-App>

Upload, store and share photos.

- This application uses Firebase Authentication and Firebase Real-time Database.

Musical Note Transposer

05/2020

<https://github.com/saurabh-challawar/Transposer>

Transpose musical notes using your Android Device(Phone/Tablet).

- As a musician, I've had a hard time transposing chords instantly, so I've built a simple yet useful application.

Virtual Drumming

01/2019

<https://github.com/saurabh-challawar/Virtual-Drumming>

Play drums with your computer keyboard.

- This application was programmed in C++.
